

Why your *Organization* should be an ALICE *Hosting Partner*

Enhance your HERO Status in your community!

ALICE is the leading training solution that increases our children and employees odds of survival during a violent intruder event. ALICE, which stands for Alert, Lock-down, Inform, Counter, and Evacuate, is a post Columbine, Virginia Tech, Sandy Hook strategy that goes beyond the conventional lock-down.

LAW ENFORCEMENT

Why your Organization should be an ALICE Host?

- Your community will thank you! Organizations across the US are seeking solutions on how to respond during a violent intruder event.
- Be proactive! "Lockdown Only" strategies and hiding under desks are yesterday's tactics. Bring research based tactics to your community.
- ALICE is endorsed by law enforcement across the country and in line with recommendations from the Department of Homeland Security (DHS), the Federal Emergency Management (FEMA) and the Ohio Attorney General.

What is the benefit to your organization?

- Hosting an ALICE course may be the most cost effective and flexible solution for creating ALICE presenters within your organization.
- Each host gets two free training seats for the first 15 registrants plus one additional seat per every ten paid attendees thereafter.

What does the Advanced ALICE 2-Day Class Cover?

- Why organizations need ALICE.
- What is ALICE including "*enhanced lockdown*" techniques.
- How to implement ALICE in an organization.
- Practical training scenarios.

What are the Host responsibilities?

- Secure a classroom (2 days) that will fit at least 25 participants and include a projector and screen.
- Secure scenario location (empty school, church, hospital, or similar that have a hallway, several rooms and a few exit points) for 3-4 hours on the 2nd day to practice ALICE strategies.
- Work with us to schedule a mutually agreeable class date.

The ALICE Training Institute will...

- Handle all registrations via our web portal at \$495 per attendee.
- Provide you with template class fliers inviting local organizations.
- Send out invitations to local hospitals, schools, churches, universities, businesses, etc.
- Post your hosted class on our website to attract additional local registrants.
