

# Safety for You and Me!

**ALICE**<sup>®</sup>  
TRAINING INSTITUTE

## Coloring Book

## How to Use this Book

This book is intended to teach the ALICE strategies of Lockdown and Evacuation to young students. We recommend using SAFETY OUTSIDE to indicate an Evacuation drill and SAFETY INSIDE to indicate a Lockdown drill.

Remember, when doing a Lockdown drill, have your students listen inside the room and be ready to Evacuate if the situation changes.

Thank you, and stay safe!

*Thank you for empowering your students.*

Hello! My name is Larry. I live with my mom, dad, and sister. I love swimming, helping cook dinner, and playing with my friends at school.

I go to the Banana School with my friends. Our teacher's name is Mrs. Goodfella. In our classroom we have different centers like art, science, building, and dramatic play.

My friend Sam's dad is a doctor. He came to our class and talked about how important it is to go to the doctor, even if we aren't sick. We need to visit every year to make sure we are growing and healthy.

Fire Chief \_\_\_\_\_ comes to our school every month to watch us do fire and weather drills, and reminds us to always listen to our teacher.

Today, Police Chief \_\_\_\_\_ came to our class to teach us two new drills, SAFETY INSIDE and SAFETY OUTSIDE.

Chief \_\_\_\_\_ said sometimes people try to do bad things and hurt others. He said if someone tries to hurt us at school, we will use these drills to stay safe.

If our teacher says SAFETY INSIDE, we place a bubble in our mouths, not make noise, and listen. Our teacher will shut the door, pile stuff in front of it, and turn off the lights.

When our teacher says SAFETY OUTSIDE, we must run in a zigzag as quickly as we can to our outside meeting spot.

Ours is \_\_\_\_\_. Chief said it is okay if we get to the meeting spot before our teacher, but we have to wait there for her or another grown up from our school.

Chief \_\_\_\_\_ promised to come back every month to watch us practice our SAFETY INSIDE and SAFETY OUTSIDE drills. He said we should tell our families what he taught us so they can stay safe too.

That night at dinner, I told my family all about SAFETY INSIDE and SAFETY OUTSIDE. My parents said they were proud of me for listening to my teacher. I even got an extra banana for dessert!
